

Notes for SPARQ Release 8.4.1

Prior to the implementation of SPARQ Release 8.4.1, the following issues were encountered in SPARQ:

- Some enrollments that should have been counted in measure D41 for Formerly Incarcerated? (quarterly column) on the Q4PY20 QPR were omitted.
- SPARQ users were unable to enter an exit date in field 7 on the Exit Form that was earlier than 7/1/2018.

The above issues were resolved with this release.
